Subject: Cabo Screening Criteria for RI
Date: Thursday, May 01, 2014 4:42:03 PM

Hi Denise,

I've reviewed the RI screening criteria submitted by CDM by letter dated April 23, 2014. Also note that the letter was cc'd to Ula Filipowicz, a risk assessor on TSS but not on Cabo Rojo, she forwarded it to me. Can you please ensure that CDM has me listed as the risk assessor, I don't want any mis-directed communication to delay the project. The provided screening criteria are appropriate, and I confirmed with the criteria being used on San German as well.

Also, could you send me the final version of the Workplan? I think I only have the draft, and I'd like to confirm the information that CDM will be including in the PAR to prepare for completing the HHRA.

Thanks,

Becky Ofrane
